What the Boosters Organization is (excerpt from organizational documents)

The Pine Richland Boys Soccer Boosters (PRBSB) has been established to provide support to the athletes, coaches and parents of the Pine Richland High School Boys Soccer program. The PRBSB serves as a tool to enhance the student/parent athletic experience by establishing a communication network and conducting fundraising events with the goal of providing financial support to our teams.

All activities and duties conducted on behalf of the PRBSB are performed on a volunteer basis by members of the PRBSB, who are parents or guardians of the players participating in the Pine Richland boys soccer teams, and are carried out with the mission and purpose of the PRBSB toward fostering the on-going interest in development of community pride, and of developing student skills and personal and team values through participation in team sports for their school.

What do we do as a booster board?

The goal of the boosters is to provide the following each season in support of the Middle School to Varsity teams.

1. Supplement the budget for the school program and filling in the “gaps” for coaching requests.
2. Food/drinks for games (all games for Varsity/JV, select games for 9th grade team.)
3. Senior Night Reception/Ceremony for players and families
4. End of season banquet for 9th-12th grade. Free for players, Boosters may try to subsidize a portion of the cost for parents. MS teams are allotted funds for a season end party.
5. End of season gift for each player grades 9-12, presented at the banquet.
6. Contribution to the JRK Scholarship fund that awards generous grants to eligible seniors, funded through the JRK tournament and general booster activities.
